

## MOOR BAKER ARCHITECTS

IS THE VERO BEACH, FLORIDA-BASED PARTNERSHIP  
OF ARCHITECTS PETER D. MOOR, MARY JUCKIEWICZ  
AND CHRIS BAKER.

For more than thirty years, they have built their reputation creating timeless architecture where clients' needs, climate, and site converge. The firm focuses on the private home, both new construction and renovation, an occasional commercial space or garden folly and any project furthering their interests in site planning, urbanism, craft, construction, and the continuation of the traditional building arts.

After working in Manhattan, Moor and Juckiewicz opened a practice in Vermont where they were greatly influenced by the region's traditional vernacular architecture. One of their projects received a National Historic Landmark designation. In 1991, Moor & Associates was formed in Vero Beach, Florida. Baker, a St. Louis native, joined the firm in 2004 and after eleven years of design collaboration, was named a partner.

The firm has received numerous design awards, most recently a Palladio Award and a pair of Addison Mizner Awards from the Institute of Classical Architecture & Art and has been featured in several books and periodicals including "Beachside: Windsor Architecture and Design," "At Home on the Water," "Robert Stillin: Interiors," Elle Decor and Milieu magazines.

The firm's first monograph "HOUSE LOVE: MOOR BAKER ARCHITECTS" will be published by Vendome Press, fall 2025. Photography and styling by Jessica Glynn and Mary Juckiewicz, text by Chris Baker, illustrations and introduction by Peter Moor. "House Love" features eleven projects, including collaborations with renowned designers such as interior designer Tom Scheerer and landscape architect Mario Nievera.
